### LONG QUIET BROKEN.

GIRL RECOVERS VOICE AFTER TWENTY YEARS' SILENCE.

Victim of Aphonia Unable to Speak for Two Decades at Last Gains Articulation and Is Happy.

Brooklyn, N. Y.—After a lapse of more than 20 years, during which time she has never spoken a word above a whisper, Miss Mabel Penny, formerly of South Brooklyn but now living here, has completely recovered the use of her vocal cords and now speaks with perfect distinctness and freedom.

Miss Penny herself as well her family and friends regard the recovery of her voice as an absolute miracle. During the years of her enforced silence she had consulted many eminent specialists, none of whom offered her any hope of ever speaking aloud again. She was told by several of them that the vocal cords had become atrophied and that she could never speak aloud simply because the necessary mechanism for producing sound was lacking. Miss Penny had become almost reconciled to pass her life in silence.

About a fortnight ago Miss Penny had occasion to consult a physician in regard to a temporary illness and visited the office of Dr. Richard Ellis, Dr. Ellis, who is connected with the Equitable Life Assurance society, noticed at once that the young woman spoke only in whispers and supposed that she had come to see him for a bad cold which affected her voice. After questioning the young woman he learned that she had suffered from aphonia since she was six years old.

Dr. Ellis inquired casually into the history of the case and learned that the loss of voice resulted from an attack of scarlet fever when Miss Penny was a child. Becoming interested in the physician asked permission to make an examination, which the young woman readily granted. Dr. Ellis examined carefully and found the vocal cords fully developed and appeared in a normal or nearly normal condition.

"There is no reason in the world that you should not talk just as much and just as loud as any other young woman," the physician told Miss Penny.

The young woman then told him of the many vain efforts her family had made to have her voice restored and the hopelessness of the case in the opinion of the specialists. Dr. Ellis still believed his diagnosis correct and told Miss Penny that he would try to help her if she would try to talk and keep on trying she would soon recover the use of her voice.

The physician then instructed Miss Penny in the method to pursue, and before she left his office she had succeeded in producing sounds which convinced him that there was nothing wrong with the vocal cords. Under the physician's instruction Mrs. Banta, Miss Penny's mother, massaged her throat and chest freely every day and the young woman made constant efforts to speak aloud.

The recovery of Miss Penny's voice was gradual and for a few days some of her words and sentences had a broken, disconnected effect, but this only served to amuse and interest Miss Penny. She became so enthusiastic in her new pastime of learning to talk that whenever she went out to walk she practiced speaking her thoughts aloud. Many persons whom she met stopped and gazed doubtfully after her.

**EATS 36 HARD BOILED EGGS**

Philadelphia Park Guard Regards This as a Mere Bagatelle—Has Historic Career.

Philadelphia, Pa.—William McCray, a park guard, who prides himself on a little on his gastronomic record, won a five-dollar prize by eating 36 hard-boiled eggs. The feat was performed in Sedgley garden house.

McCray's record as a hearty eater dates back to 1895. While the trolley car strike was in progress in that year park guards rarely had an opportunity to go to their homes at meal hours. Hard-boiled eggs, as a convenient luncheon, were on the daily bill of fare. To every other guard the egg luncheon was a hardship. To McCray it became a matter of pleasant training for laurels to be won in later years. His hard-boiled capricious became well-known, and was never questioned until recently.

A younger guard expressed doubt the egg record and McCray showed what he could do. McCray, who is 63 years old, has other records. He is a fast runner and only last Thanksgiving day won a seven-mile run in 15 minutes. He ran from Forty-second street and Baltimore avenue to Media, 12 miles, in two hours two years ago. He has been a member of Company G, First regiment, 35 years, in which time he has never missed a drill, inspection or presidential inauguration.

**Important Omission.**  
Rev. Louis Schmidt, described as an evangelist, comes forward with the statement that "Adam was 14 feet tall and weighed 1,400 pounds, and Eve was 12 feet tall and weighed 1,200 pounds." It appears, however, that Rev. Mr. Schmidt has neglected either to measure or to weigh the apple.

**The Correct Thing.**  
According to Nature, the total eclipse of the sun on August 29 next will take place at a time when the number of spots on its face is about the maximum. It is only human that in such circumstances the sun should wear a veil.

**Peffer's Nervigor**  
RESTORATIVE CURES NERVOUS DEBILITY

The world's greatest nerve tonic. It restores the system to normal, builds up the nerves, and cures all nervous disorders. It is the only tonic that cures the nervous system. It is the only tonic that cures the nervous system. It is the only tonic that cures the nervous system.

### Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

AGAIN ON THE STAND.  
Judge Hargis Contradicts Some of Felix Felner's Story.

Lexington.—Judge James Hargis, of Jackson, was again placed on the witness stand in his own behalf. He was cross-examined by C. J. Bronston for the commonwealth. Hargis failed to explain why he had given Felix Felner a check for \$1,500, to be deposited in the Winchester bank, or why he had written the rate of interest at 14 in the note given him by Felix Felner, and then changed it to 6. Judge Hargis was carried over the testimony given by his friend, Felix Felner, and in many places he contradicted Felner. In a few days the date of his first acquaintance with the former circuit court clerk of Henry county. Felner said he was called to Jackson by Judge Hargis for the purpose of arranging matters so that Felix Felner could not testify against him and here was introduced by B. F. French, but Hargis says he knew Felner long before this. He denied that the note for \$1,500 was secured from Felix Felner in Cincinnati by B. F. French, as sworn to by Sam Fields, Moses Felner, Ruck Cottage and others.

**THE EQUITABLE SOCIETY.**  
Insurance Commissioner Prewitt Will Go To New York To Investigate.

Mt. Sterling.—Insurance Commissioners Prewitt, of Kentucky, and R. E. Folk, of Missouri, will go to New York in a few days to investigate the affairs of the Equitable Life Assurance society. The commissioners believe the company solvent, but with other commissioners from various states in a few days a decision may be reached whereby the trouble now owing to the company may be stopped. Threats of suits are being made by many policy holders in this state and the business of the company is at a standstill.

**A Unique "Still" Destroyed.**  
Barbourville.—During a raid by revenue officers in the moonshine district of Eastern Kentucky, Deputy United States Marshal William Mayes and posse captured and destroyed a unique "still." The still was located at the head of Buck creek, in Owsley county, and the furnace and fixtures were concealed beneath the floors of a dwelling house.

**The Madstone Applied.**  
Louisville.—W. G. Pruitt, who was bitten on the hand by a 14-year-old shepherd dog, and Wm. M. Ferguson, of Bullitt county, who was bitten by a horse, called on Charles Hall, of Ninth and Magazine streets, to apply his madstone to their wounds. In each case there was relief from the inflammation and pain.

**Suit Against Coal Companies.**  
Madisonville.—A. M. Harrison, agent for the Kentucky state auditor, entered suit here against the St. Bernard, Rennie, Oakhill and Crabtree coal companies for failing to correctly list their mine properties. The value of the property is estimated at \$10,000,000 and taxes due the state are claimed at \$135,000.

**Death of M. R. Bankston.**  
Paducah.—M. R. Bankston died of cancer of the stomach. Realizing that he was failing, Mr. Bankston attempted suicide recently by cutting his throat, but was too weak for the effort to be successful, and succeeded only in inflicting two slight flesh wounds on either side of his throat.

**INDIGESTION'S RECORD**

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart failure in the ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you to suffer with regular or periodical attacks of indigestion. If these unfortunate times of acute indigestion had taken small doses of Green's August Flower before or after their meals they would have fallen a prey to such sudden deaths.

August Flower prevents indigestion, creates good digestion. It takes the liver, purifies the blood and the entire system in a natural way. Two sizes, 50c and 75c.
